## Another Member of Philippine Constabulary Band Dead at New Haven.

New Haven, March 18.—Lombard Martin, one of the three members of the constabulary band from the Philippines, who were overcome by gas at a local hotel last week, died at the New Haven hospital today. The three men occupied the same room at the hotel and before retiring blew out the lights. When found all three were unconscious. By the transfusion of blood from another member of the band one of the three was restored to consciousness, but died yesterday. Martin, who died today, did not regain consciousness, and the third man is still unconscious, with but small chances of recovery.

## TURNED DOWN AS BAD RISK FOR INSURANCE

"There is an old saying that wise men sometimes change their minds, but fools never do," remarked Guido Bionio, in a conversation on Tuesday. Bionio is Vice President of the Bionio Fireproofing Company, manufacturers of fireproofing liquids and paints, with offices at 545-549 West Twenty-second street, and is recognized as an expert chemist. The subject under discussion was the Cooper Remedies, which are being demonstrated to New Yorkers daily by L. T. Cooper. Continuing Mr. Bionio said: "I am convinced that in changing my opinion regarding the Cooper Remedies, I acted most wisely. When these preparations were first brought to my attention, I believed them to be a big humbug, and no doubt many persons entertain this belief."

"Several months ago, however, a friend assured me that my opinion was wrong; that he knew positively that merit, and that I was doing myself an injustice in not giving them a trial. I had been suffering for three years with acute stomach trouble. My stomach was extremely weak, and I found it difficult to retain food. Every morn-

## Waters of Narragansett Bay Seasoned with Tomato Catsup.

Providence, March 18.—The waters of Narragansett bay were well seasoned with tomato catsup today when 600 cases, containing 15,000 bottles, were dumped into the sea because they did not meet the requirements of the federal pure food law. The catsup was cast upon the waters under the direction of United States Marshal Daniel E. Ballou, and the operation required more than three hours.

## DANIELSON AND PUTNAM NEWS.

## DANIELSON.

New R. F. Delivery Route Asked For—Talk of Another Ball League—Country Club to Disband—Frank Gorton Charged With Theft.

The proposed rural free delivery route out of Danielson to the Rhode Island line, returning through the old Hartford and Providence turnpike and into East Brooklyn, is wanted by 110 persons who have signed a petition to be sent to the first of the week. This route would prove a great convenience to the petitioners, many of whom reside a distance of from four to five miles from a postoffice. Postmaster Charles D. Potter has worked hard to all the persons in the territory to be served to secure this improvement in their mail service.

## ANOTHER BALL LEAGUE.

To Include Moosup, Plainfield, Sterling, Jewett City and Central Village.

Another baseball league is projected and it is to include teams representing six eastern Connecticut towns. Five of the places to be represented are Moosup, Plainfield, Sterling, Jewett City and Central Village. The sixth town is yet to be selected. Danielson has been invited to place a team in the league, and the Lafayette club has the matter under consideration. This league will rank a degree below the Eastern Connecticut league, but will be made up of promising material, mostly young players. The idea of organizing the league was stimulated by the success achieved by the Eastern Connecticut league. The circuit selected is a good one, where the baseball spirit runs high and sufficient patronage to warrant its existence can surely be secured. It will mean the making of more and better ball players, and will undoubtedly develop into a great feeder for the teams of the Eastern Connecticut circuit.

## Boiler from Foster Gold Mine Shipped Away

A Wilcox water tube boiler which supplied power for the gold mining operations at the Foster mine, has been hauled to Danielson and loaded on a flat car for shipment to a New Hampshire town, where it will be used in developing power for the mine.

The mine at Foster has apparently been abandoned as a fortune making proposition. Dozens of assays of Foster pay dirt has given returns varying from 10 to as high as \$5.34 per ton, but with the mechanical equipment in use it was impossible to carry on operations at that rate.

## FOUND IN CHIMNEY.

Stolen Clothing from Atwood Home—Frank Gorton Arrested.

Frank Gorton, 40, is locked up at the police station, charged with stealing clothes from the Atwood home—stead at Williamsville. Gorton has been living in that village for the past four or five weeks, but a few days ago moved to Mauchaug, R. I. He was arrested in that place by Deputy Sheriff Michael Grimeshaw on Wednesday evening and brought back to Danielson to be tried. Gorton denies guilt of the charge against him. The tenement he occupied in Williamsville was searched the day after he left and some of the missing articles of clothing found stuffed in a chimney. A search on the previous evening failed to reveal any of the stolen goods. At that time Gorton was occupying the house.

## PUTNAM.

Phineas G. Wright Will Be 80 Soon—D. A. R. Benefit at Home of Mrs. F. G. Letters—St. Patrick's Night Soiree Event at Oak Hill.

Phineas G. Wright will be 80 years old April 3. The man whose monument in Grove street cemetery is inscribed, "Going But Not Knowing," was in his usual cheerful mood Thursday afternoon and he talked of his approaching birthday and his life of four score years. "I was born up in Putnam, N. H.," said G. Wright, "and I am familiarly known as 'Uncle' in the country where I live. Franklin Pierce came from where they have to hold the sheep up by the rocks. You can tell them in your paper that I never voted a republican in my life—and, by the way—just say that I never felt mean enough to vote for Bill Bryan, though I like to vote for him in the past six years."

"I never made any money to speak of until after I was 44 years old," continued Mr. Wright, "but I have had a little better luck since."

"I have carried the load for 75 cents a day in this town, twelve hours a day at that."

He recalled with lively interest his 50th anniversary, which was marked by a dinner given to a party of friends at a local hotel. All those who attended, excepting Mr. Wright and one other man, are now dead.

Mr. Wright has been a member of the Putnam chapter of the Order of the Eastern Star for many years, and gets a full measure of enjoyment from life. He is a spin yarns to you fellows," concluded he, "but I must be going home now, as it is getting near sundown and I haven't been out of the house but one night in the past six years."

The large delegations at the station also joined in the hearty welcome.

Much gaiety prevailed during the evening and all spent a most enjoyable evening.

## TREMBLAY WON.

Canadian Lightweight Shows Superiority Over English Wrestler—Several Challenges.

Tremblay, the Canadian lightweight, won his wrestling match with Bulldog Clayton of England in St. John's hall on Providence street Thursday night. The Canadian won on two straight falls, getting the first in 33 minutes and five seconds on a bar and scissors hold and the second in 16 minutes and ten seconds on a toe hold. The match was not as fiercely contested as some others that have been seen here this season, but was thoroughly good and a pretty exhibition of the fine points of the game.

Tremblay is easily Clayton's master and undoubtedly one of the greatest lightweights in the country. The attendance was something smaller than usual. Manager Corbett and Rivard added a new feature to the evening's entertainment in providing music by the Putnam band. Three preliminaries were held between local boys of 15 minutes each between each fall. The boys were paired up as follows: Edmond Magee vs. Fred Bernier, Joseph Brault vs. Kid Van Brouwer, and Joseph Brault vs. Henry Bonquet. H. Magann was referee.

Barrette, the Canadian middleweight champion, who was recently defeated in this city by Picking Han- sen of Worcester, challenged the latter, who was also present, for a match at \$500 a side and a \$100 bet. Hansen did not accept. Peter Roby of Springfield, another mat artist, challenged Tremblay for a match either in Worcester, Spencer or Putnam, and was accepted.

## WIRELESS TO AID PARIS.

London Plan to Relieve Congestion Due to Telegraph Strikes.

London, March 18.—The postoffice authorities are trying to arrange a wireless telegraph service between London and Paris, with the object of relieving the congestion due to the strike of the French telegraph and postal employees. The delay in the transmission of messages is causing heavy losses to business interests. There is a powerful wireless station at Chiffa, which could probably carry on regular communication with the Eiffel Tower station.

## How many dishes in your home? It's a painful count if you wash them in the old-fashioned way

Washing dishes with soap is not only ineffective, but tiresome and needlessly old-fashioned. Soap does not cleanse as thoroughly as it should; it overlooks lurking germs and leaves a greasy, "smelly" film.

GOLD DUST not only cuts grease and dirt with scarcely any rubbing, but is an antiseptic that goes deep after every minute and off-times hidden impurity. It will sterilize your dishes and kitchen things, and make them wholesome and sanitary.

A teaspoonful of GOLD DUST in your dishwasher will work wonders on dishes, glassware and silver—and save you fully half the labor.
